Dear Curt and Mary Jo,

On behalf of all the residents of Twin Shores Beach and Marina, Longboat Key, we wish to thank you so very much for all the wonderful and timely help you provided our Community in cleaning up after the "wind sheer" storm we experienced on March 31, 2011. Your crew handled everything as true professionals and caring individuals. Your expertise and equipment were everything possibly needed in restoring our homes back to livable conditions.

We have collected many donations from our members and have also included a donation from the entire Association. Thank you so much for the wonderful work you do under such extraordinary conditions. We are truly blessed to live in a community with such wonderful people! I hope this donation will help in continuing your aid to other communities needing relief assistance.

Sincerely,

Vickie Van Meier MB
